

Listing of Disaster Recovery Funding Resources

Resources described below contain a wide range of federal, private, and non-profit funding, program and technical assistance resources that may be available pre and/or post disaster. The list includes:

1. Federal disaster recovery funding opportunities, technical guidance, and program resources
2. National resources for SLTT
3. Other federal funding programs that have been made available to tribal and local governments through a congressional supplemental allocation
4. Federal technical assistance to tribal and local governments to better prepare them for future disaster recovery

This listing provides a starting point for the user and is not a comprehensive guide, nor does it indicate applicability or availability for any particular or general recovery need. Application period for grants are noted on the site or by contacting the funding source for additional information and future funding opportunities. The primary, most current, and comprehensive source of information on all federal assistance programs is through the Catalog of Federal Domestic Assistance (CFDA). www.cfda.gov Resources are also available from States and a wide range of non-profit and foundation sources.

Non-agency Specific Federal Grants, Assistance, and Guidance Websites

These websites have search capabilities to allow users to search available Federal grants and assistance based on specific keywords.
