Introduction

The Ozark Foothills Regional Planning Commission (OFRPC) and the Ozark Foothills Regional Transportation Advisory Committee (TAC) will participate in the Missouri Department of Transportation's (MoDOT) program for transportation planning activities for Fiscal Year (FY) 2025. We are excited for the opportunity to serve as a planning partner with MoDOT.

Part of the FY 2025 Work Plan is OFRPC's commitment to dedicate the necessary efforts to guarantee participation in and completion of the MoDOT's Planning Framework Process. When consent of the proposal is given, OFRPC staff will focus on carrying out the listed tasks.

Maintaining the Ozark Foothills Regional Transportation Plan (RTP) in alliance with the OFRPC and MoDOT district offices serves as a major part of the proposed FY 2025 Work Plan. The RTP was completed during 2008 and updated each year under the 2009-2024 Work Plans. Continued revisions on the RTP are presented as part of the proposed 2025 Work Plan. In the compilation of the information required for the RTP updates, technical resources and data from other regional, state, and national agencies and organizations will be utilized.

TAC meetings will be conducted once per quarter during the months of January, April, July, and October. The intent of the meetings will be to discuss general transportation planning and applicable issues, in addition to the identification and prioritization of construction, maintenance, and multi-modal transportation needs. Additionally, public forums will be held thereby making it easier for local residents to be active in shaping the content of the Ozark Foothills RTP.

These public forums will be convened at different locations throughout the five-county region. To ensure increased public access, the forums will be held in conjunction with city council and/or county commission meetings. In addition, each OFRPC Board of Director's Meeting will include a Transportation Report and the opportunity for public input.

The TAC plays an important role in Missouri's transportation planning process. The TAC is assigned the duty of identifying and prioritizing transportation needs within the five-county region and recommending these priorities to the Ozark Foothills Regional Planning Commission Board of Directors. The TAC recommendations are then presented to MoDOT by staff of the Regional Planning Commission for consideration in the development of the Statewide Transportation Improvement Program (STIP). The STIP is the tool used by MoDOT to define and guide the implementation of critical transportation investments in the State of Missouri.

In an effort to keep the public informed on critical transportation issues, news articles, press releases, and social media will be used. The FY 2025 Work Plan includes training and education when beneficial to the success of the Planning Framework Process and revision of the Ozark Foothills RTP. Expenditures will be tracked and reported via quarterly reports and invoices submitted to MoDOT.

All tasks and work elements will be fully documented and are in compliance with <u>23 CFR</u> <u>420.111 – Documentation Requirements for Work Elements</u>.

Task 1: Administration

Purpose:

This task covers general administration tasks related to the execution of the contract to include, but not limited to: accounting, reporting, performance evaluation and general correspondence. All reporting will follow the guidelines described in 23 CFR 420.117(b), as well as maintain the required documentation for work elements as described in 23 CFR 420.111. This is necessary for reimbursement of RPO funds from MoDOT and provides the audit detail to justify the continued funding availability.

End Documents:

- Invoices
- Activity and financial reports, on agreed upon timeframe
- FY25 Performance Evaluation
- FY26 Transportation Planning Work Plan
- Financial audit
- Direct/Indirect Cost Documentation
- Title VI update, if required

Prior Year Accomplishments:

- Updated Southeast District Unfunded Needs List
- Inventory of transportation stakeholders (all modes) with contact information
- 2024 TAC Priorities for the region submitted to MoDOT
- GIS/maps as developed
- TAC agendas, minutes, and other documents used to conduct at least four TAC meetings throughout the FY and located on www.ofrpc.org

Prior Year Accomplishments:

- Updated the list of needs and priorities in the Ozark Foothills RTP.
- Updated the Sidewalk Inventory and Assessment Plan.

- Worked with Southeast District staff on updates to Unfunded Needs List.
- Coordinated with local transportation stakeholders, members of the TAC, and MoDOT to analyze transportation needs, identify needs, and prioritize construction and maintenance projects.
- Completed major structure, content, and data revisions of the Ozark Foothills RTP.
- Staff attended meetings with MoDOT District personnel to discuss developments within the region.
- Staff assisted several communities in consideration of possible grant funding sources.
- Assisted in public education/relations activities related to transportation issues within the region and assisted MoDOT and other entities in publicizing statewide transportation needs and identifying and developing potential solutions.
- Facilitated TAC participation in determining the region's priorities for inclusion in the Statewide Transportation Improvement Program.
- Represented the region at public meetings and other functions as requested by MoDOT.
- Completed updates on the RPC website as needed.
- Visited city councils and county commissions and presented information relative to transportation needs, solutions, and potential funding sources.
- Kept member cities and counties informed of pertinent Federal and state legislation regarding transportation issues and services.
- Participated in regularly scheduled Safety Coalition meetings held by MoDOT Southeast District and provided safety and Arrive Alive items.
